25X1 d. On 29 November preliminary discussions were held at  
25X1 Headquarters with [redacted] President of [redacted]  
[redacted] regarding the  
acquisition and installation of hydraulic barricades which would  
be installed at the entrances and exits on the Headquarters  
compound, as well as at the entrance and exit of the underground  
parking garage in the Headquarters Building, and the entrance of  
25X1 the Headquarters Power Plant. A proposal from [redacted]  
Corporation will be received by 6 December 1983.

e. A representative of the Office of Personnel was  
informed by a member of State Department Allowances Staff that the  
Special Incentive Differential Pay is being held up now because  
there is pressure to reinstate the ambassadorial pay cap. State  
is hopeful that this matter can be resolved this week.

f. On 29 November the second Open Season Symposium was  
held in the Headquarters Auditorium, principally for retirees.  
Approximately 500 showed up for the presentation and the majority  
of questions were retiree concerns. Medicare coverage and its  
implications on hospitalization coverage was a much discussed  
matter. We learned that several retirees who were in the  
Washington, D.C., area during the Thanksgiving holiday remained to  
attend the Symposium. One retiree had traveled 250 miles to  
attend the session. In addition to answering questions on the  
Open Season, we distributed to the retirees a paper for submitting  
referrals to us for employment with the Agency.

h. As a part of its industrial security awareness  
effort, a Security Education Group representative recently  
provided a briefing on the "Soviet Espionage Threat to Industry"
